QUOTED. April 24, 2018. Joe Pinto.

by

The Performance Review Institute, which administers the supply-chain oversight program MedAccred, recently accredited Wisconsin-based Sunlite Plastics for plastic extrusion – the first manufacturer to receive such an accreditation. See what PRI Executive VP Joe Pinto said about it here.

"Credit must be given to the pioneers, like Sunlite Plastics, that step up to this rigorous evaluation of their systems, processes and industry best practices to achieve their MedAccred accreditation from industry." –Joe Pinto, executive VP, Performance Review Institute
