QUOTED. July 5, 2018. Nishan Sunthares.

by

The UK is undergoing big changes in its health-care system and medical device procurement in particular. Association of British HealthTech Industries' Nishan Sunthares highlights one of the device industry's hoped-for outcomes here.

"Our industry wants to break out of this cycle where the relationship between buyer and providers tend to be adversarial." – Nishan Sunthares, chief operating officer, ABHI
