Device Week, 2 August 2019 – Global Hearing Aid Market Growing Fast; Zimmer Biomet Continues Turnaround

by Catherine Longworth

In this week's podcast, *Medtech Insight's* Catherine Longworth chats to Marion Webb about the growth of the global hearing aid market, which is set to rise from \$7.7bn in 2018 to \$11bn by 2023. Longworth also speaks to Reed Miller to discuss Zimmer Biomet's second quarter results and its long-term plan to return to steady growth.
