QUOTED. 12 August 2020. Rep. James Clyburn.

by

House Democrats criticized the administration's response to the pandemic in a new report. See what Rep. James Clyburn, chairman of the Select Subcommittee on the Coronavirus Crisis, said about it here.

“It is far past time for the White House to ... provide the federal leadership and comprehensive national testing strategy we need to fight this pandemic.” – James Clyburn, chairman, Select Subcommittee on Coronavirus Crisis
