QUOTED. 27 January 2021. Scott Whitaker.

by

Trade group AdvaMed should be consulted on how to implement the Defense Production Act to boost testing and PPE production, CEO Scott Whitaker said in a letter to President Biden.

“We are deeply familiar with what works, what doesn’t, and which actions would ultimately prove counterproductive. That’s why successful implementation of the Defense Production Act has always started with early, open communication and coordination between the companies themselves and our federal partners.” – Scott Whitaker, CEO, AdvaMed
