QUOTED. 26 May 2021. Robert Ford.

by

The global market for blood glucose monitoring devices is expected to rise from \$9.1bn in 2019 to \$19.7bn by 2025, a CAGR of 13.8%. See what Abbott's CEO Robert Ford said about his outlook for the company's flagship FreeStyle Libre CGM.

"We grew double-digits ... Libre is growing rapidly." – Robert Ford, CEO, Abbott
