Device Week, 9 June 2021 – ATTD Medtronic Update; CVRx IPO

by Barnaby Pickering

In this week's podcast, *Medtech Insight's* UK-based reporter Barnaby Pickering provides an update on Medtronic's MiniMed 780G insulin pump cost-savings study, presented at the Advances Technologies & Treatments for Diabetes (ATTD) conference. US Commercial and R&D manager, Reed Miller, highlights details on CVRx's recent IPO.
