Digital therapeutics company MindMaze SA has closed a \$125m investment round from AlbaCore Capital Group, one of Europe's leading specialist investors focusing on the public and private corporate credit markets. CEO Tej Tadi explained what the firm hopes to do with the funds.

"This investment by AlbaCore will allow us to accelerate our proven neuro-rehab platform and advance commercialization of our evidence-based neuro-restorative solutions in stroke, traumatic brain, aging and Parkinson disease." -- Tej Tadi, CEO, MindMaze.
