QUOTED. Harel Gadot.

by

Medtech Insight talked with XACT Robotics' executive chairman Harel Gadot about plans for the FDA-cleared ACE robotic system and market opportunities. See what Gadot said about the market opportunity here.

“There are many unmet needs in this market. It’s incredible to see such a big market where nothing has been developed to solve this problem over the last few years.” – Harel Gadot, executive chairman, XACT Robotics
